**Remarks:** Mary Kay: After reviewing the revised 7/7/98 memo, I noticed the section on Mine Contingency Plan and began wondering if you wanted to include this section in the version that goes to Mr. Hopper. The data gathering that Bill has conducted to date has been "behind the scenes", and as such, he has been able to maintain a good working relationship with Hopper. I have included replacement sheets of the memo if you'd like to delete the references to Mine Contingency Plan. Please call if you have any questions.
